height	1025 mm	40,35 "
weight	295 kg	649 lb

Due to its size the P 159 Bora grand piano is ideal for hobby players and professional pianists who wish to practise at home. It is the smallest instrument of the New generation of PETROF grand pianos and it does not lack the

characteristic romantic tone of PETROF grand pianos. Even though this piano is shorter, we have used the most advanced structural elements of great concert instruments and the selected materials of the best quality.
